

## **CCVO Member Consultations: Shaping the Way Forward**

CCVO members are invited to attend a member consultation session to share their feedback and insight about CCVO's future direction.

In 2006, we released *Shaping the Future: CCVO Strategic Plan 2006-2009* that set out CCVO's strategic directions: be a leader on policy issues, grow our public profile, strategically grow our membership, and build a solid financial base. With 2009 just around the corner, we are assessing our strategic directions. Feedback from our members will be combined with other information to help determine our course as we move ahead.

CCVO members are invited to participate in one of the following consultation sessions:
