- Are you offering it to the right people?
 Are you talking to their hopes and dreams?
 Is what you say aligned to what they want?
- Are communicating your values and what makes you unique? (Your differentiator)
- Your why?
- Is what you say consistent?
- Are your **team, board members on the same page with you**? Are they engaged?
- Are they inspired and give their best?

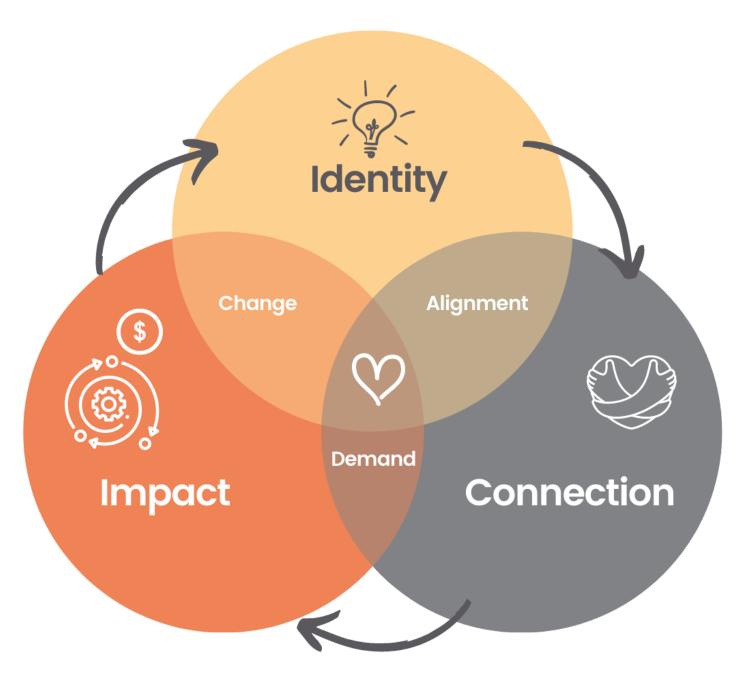

FINALLY YOU SEE WHAT IS GOING ON

LEARNING #1 THE THREE BRANDING PILLARS

The three Branding Pillars that every New Generation Non-Profit needs to identify to create a solid brand foundation.

THE THREE BRANDING PILLARS

Identity

vision & missin deeper purpose brand story & beliefs brand personality unique perspective

IT ALL STARTS HERE: ALIGNED IDENTITY

From not being very specific and not standing out

to standing for something with a clear vision, unique perspective and values that guide your organization from the inside out.

IT ALL STARTS HERE: ALIGNED IDENTITY

•

- How do you implement your vision on a day-to-day basis?
- Do you act from your vision or towards your vision?
- Are your values guiding principles for your organization?
- Do you have a unique angle to share your story?
- What are you standing for or against?

How the right positioning and defining the audience leads to community support and funding!

Relationship

Relationship is our North Star at Safe Harbour and our first priority. We are committed to sustaining and enhancing the connection we make through all of the relationships we establish.

For Our Team

Employees feel valued, important,

listened to and understood. When

relationship is prioritized, an environment

of trust is established providing

increased safety and belonging.

For Our Guests

The relationship our staff build with the people they serve is often a lifesaving connection. As trust is established, stories are told and realistic support is offered. For Our Community Relationship building in our community ensures collaboration. It provides mutual understanding and a path forward.

"As we start to really get to know others, as we begin to listen to each other, things begin to change. We begin the movement from exclusion to inclusion, from fear to trust, from closed-minded to open-minded, from judgment and prejudice to forgiveness and understanding. It is a movement of the heart."

LEARNING #2 YOUR MESSAGING ECOSYSTEM

How to create a messaging ecosystem that will help you to connect on a deeper level with your supporters.

BECOME IRRESISTABLE

From exhausting membership drives and hustling fundraising events

to being the irresistible cause/organization that people love to support.

The purpose of sharing your message is to create connection.

Connection

audience, messaging ecosystem, and design

ASK BETTER QUESTIONS REAL CONNECTION

- Shift perspective: Instead of asking what can they do for you?
- Ask: What value can we offer them?

•

•

•

- What keywords can we associate with our values?
- Based on those keywords, what messages can we create?

How defining the audience, messaging, and strong visuals helps BCL to have staff and volunteers become their biggest brand ambassadors!

Example Key Words - Messages

Key Messages

As seen in the chart in the section Core Brand Values, there are adjectives that may be attached to the values and brand personality, to aid in the expression thereof. Following are some key messages that can be used in conversation, presentation, and marketing campaigns:

Audience #1 (Community):

- BCL has been in the community, serving as the trusted provider of safe, affordable seniors' housing in Red Deer since 1957.
- Though organization has grown substantially over the years, the supply of housing, and the base funding has not kept up with the demand. The aging demographic continues to grow, and many seniors find themselves with limited incomes and limited options.
- We need our community to work with us to ensure that we can continue to offer Red Deer's seniors decent, appropriate housing options that give them the opportunity to enjoy life in an active community, instead of spending their time vulnerable, worrying and living in compromised situations.
- We are building strong community alliances and working together to find solutions to the growing shortage of safe, affordable housing for our seniors.

BRAND PERSONALITY

Hello!

I'm June, a senior resident and your go-to gal for all the happenings at Bridges Community Living (BCL). I am living in the vibrant Parkvale Lodge and there is never a dull moment in here.

Bridges Community Living @BridgesCommLiv · Dec 8 ···· What are some old, or new, traditions you have for Christmas? One of mine is baking shortbread and watching White Christmas while I eat them. I'd love for you to share. Maybe we can start some new traditions with some old ones from friends. #BCL #ABSeniors #reddeer #tistheseason

Bridges Community Living @BridgesCommLiv · Feb 26 Guess what this gal got to do last night? I attended the Chamber of Commerce Business After Hours last night and met some great business people from Red Deer. I was thrilled to answer all of their questions about BCL and about our new lodge opening in the spring of 2021.

"The new brand creates more excitement internally than we thought it would. Our staff totally bought into it and they became our biggest ambassadors. They are willing to talk about who Bridges is and there is a level of excitement that wasn't there before. We build communities through building homes for seniors."

LEARNING #3 THE RIGHT SYSTEMS

How to create more impact by setting up the right systems and applying your messages on a daily basis in your content strategy no matter the channel (Facebook, Instagram, Twitter, LinkedIn) or type of content (video, blogpost, story).

From exhausting and disjointed everyday tactics

to having a focused strategy and systems that support your vision.

thank the admin team at our office for all they do every day.

Bridges Community Living @BridgesCommLiv · Apr 26 ···· Here at the Lodges we spend a lot of time working on our mind, body and soul. Our recreation department makes sure that we are always exercising and puts on different activities every day. This is one of the things I love most about lodge living. #BCL #ABSeniors #reddeer

Align what you do with your vision!

- What content can you create that aligns with your key messages and vision?
- Example BCL: One of their values is **CONNECTION**. One focus on their social media is connection.
- Ask yourself: What does it look like to implement your values on a day to day basis?
- How can you create a dialogue rather than just posting content?
- (What could CONNECTION look like as REEL on IG, what conversion could you start and have FB lives or podcast?)
- Who could you partner with? Who has similar values and a shared vision?

OVERALL TAKEAWAYS

Your organization's identity is the key to building a strong foundation for your marketing and fundraising.

REAL CONNECTION

People want to connect with people.Finding out what they really want and how to emotionally connect with them is crucial for marketing and fundraising results.

IMPACT TO CREATE CHANGE

Start with goals and break them down to strategies and tactics.
